

## We invite Suppliers to dialogue on Nordic Tenders

Denmark, Norway, and Iceland are in the process of preparing the next joint Nordic tenders for pharmaceuticals. In this connection, Amgros in Denmark, Sykehusinnkjøb in Norway, and Landspítali in Iceland would like to invite relevant suppliers to a dialogue meeting on the upcoming tenders. This applies both to new suppliers who are interested in the upcoming joint Nordic tenders, as well as already involved suppliers, if there is a need for it.

The new joint Nordic tenders will include these selected pharmaceuticals:

- Aciclovir (acyclovir)
- Fluconazole
- Hydrocortisone
- Piperacillin/tazobactam
- Metronidazole
- Ondansetrone
- Gentamicin
- Paracetamol
- Meropenem (vial)
- Methotrexate
- Vancomycin
- Ciprofloxacin (vial)
- Benzylpenicillin
- Ampicillin

The pharmaceuticals mentioned are all for IV administration. We expect the start of the agreement for the new Nordic agreements to be April 1st, 2025.

The online dialogue meetings take place at the end of November, with a duration of approx. 1 hour. Interested suppliers can contact Eirik Sverrisson at [eirik.sverrisson@sykehusinnkjop.no](mailto:eirik.sverrisson@sykehusinnkjop.no).
